Reception

Guidelines

- Reception organisers may determine all logistics, conditions and costs associated with their event, including which agents and other business partners are accepted to join, and which are not.
- ICEF will not get involved in the organisation of receptions, but simply ensure relevancy for agents as well as an equal representation of receptions to all workshop participants.
- All workshop participants interested in attending a reception will be asked to make direct contact with the reception organiser. Organisers are responsible for confirming or declining acceptance directly with agents and other attendees.
- Reception organisers wishing to promote their event through ICEF are requested to provide information as outlined on the ICEF website
- Receptions may only be offered outside of workshop related activities and times. (Please refer to workshop programme [via this link](#))
- Only institutions attending the workshop may meet and host agents and other business partners. We do not wish to encourage non-registered schools to access and benefit from meeting participants that workshop registered schools have paid to meet.
