# The AIS Boarding Experience

## A Warm Welcome from Australian International School's Head of Boarding

Stepping through the doors of AIS' boarding house is a warm and welcoming experience. Our state-of-the-art residential space was first opened in August 2020 to provide a safe, modern, and comfortable home for up to 50 students aged between 11 to 18 years.

Our boarding community quickly become friends, and then like family, as we live harmoniously in an environment where academic diligence is promoted, diversity is celebrated, and our young people are supported in becoming responsible and respectful adults.

With our care and support, students learn life skills such as independence and resourcefulness, so they can confidently take their place in the world. It is an excellent preparatory step for university life and beyond.

We look forward to welcoming you and your child into the AIS family.

*James Williams*  
Head of Boarding
