

Bahamas Day Trip

Western Atlantic University School of Medicine aims to be the top international medical school for students who wish to practice medicine in the United States. We are actively seeking qualified partners who wish to be part of our winning team.

We welcome you to take advantage of this opportunity to see what makes us so proud of our community.

Spend the day with us, visiting our campus in Freeport, Bahamas. Attendees will take a chartered flight from an executive airport nearby and enjoy a day on the island. Activities include a tour of campus, interaction with faculty and students, a tour of local accommodations and a beachside lunch.

Attendees need not bring anything but their sense of adventure and fun. Let us take care of the rest.

Estimated Schedule:

9:00 am Transportation from hotel to executive airport
